OFFICE OF ADMINISTRATION * OFFICE OF MANUFACTURED HOUSING * OFFICE OF STATE FIRE MARSHAL

December 2, 2015

All Fire Prevention Partners,

The Department of Fire Building and Life Safety, and the Office of the State Fire Marshal (OSFM) is pleased to announce the formal adoption of the 2012 International Fire Code (IFC).

The adoption of the 2012 IFC was reviewed and approved by consent agenda at the November 3rd meeting of the Governor's Regulatory Review Council. With this approval, the State of Arizona Fire Code will be the 2012 IFC, effective January 3, 2016.

All inspections conducted by your agency on behalf of the OSFM as of January 3rd must conform to the new code. All plans submitted for permitting as of the effective date must also conform to the new code. Any project already permitted, or in the process of construction at the effective date may be finished under the existing code (2003 IFC).

The OSFM is greatly appreciative of the assistance your agency provides in the protection of the citizens of Arizona, and thank you for your continued partnership

Thank You
